## A FULL IT TEAM AT YOUR DISPOSAL.

Why would you settle for one IT tech when you could have a whole team for a fraction of the cost?

We work with companies every day that are over paying for IT service from a single individual. With Intermax's IT team you have a group of the best IT techs in the region at your beck and call. Whether it's break fix, firewalls, updates, or something more, our team can handle everything remotely or on site.

Our IT team joined Intermax from Resource Computing in 2015 when the two companies merged. We wanted to continue bringing our clients the best possible products and services for their business needs, and in Resource Computing we got the best qualified team of IT technicians in the region. With Internet, Voice, Phone Systems, and now an IT Management team, why would you continue use multiple vendors, and have to make multiple calls if something goes awry. Make one call instead. Call Intermax.

## OUR COMMITMENT

**We provide assurance. Intermax's IT team is only one call away. Any time you need us we can handle issues on site or off site from a remote desktop. You can rest easy with Intermax IT.**

### ✓ FASTEST RESPONSE POSSIBLE

The fastest response rate in the area lies with our IT team. Whether by call or email we can sort out any issues you may have, and solve them quickly.

### ✓ ANYTIME, ANYWHERE SUPPORT

Whether you need us on site, or whether it's something that can be handled remotely, our team is always there for you in a moment's notice.

### ✓ PRIVACY, SECURITY, AND COMPLIANCY

Our team is certified to work with healthcare companies, banks, state and federal run entities, and more. With more certifications than anyone else in the area, the choice is easy.

### ✓ FRACTION OF THE COST

We save companies money by not having to have a full time IT person on staff. Companies we've worked with to handle their IT have seen savings of up to 70% by going with Intermax.

## GO WITH INTERMAX, AND REST EASY.

Intermax IT will handle all your technology needs so that you can do what you do best, and grow your business, rather than focus on IT work.
